

Coupang at a glance

2021. 11. 5.

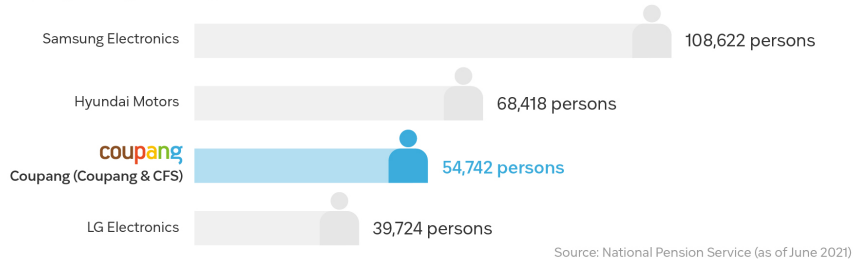

Coupang pursues to make a change in the Customers' daily lives and create a world where people would think, "How did we ever live without Coupang?" With an end-to-end logistics network encompassing the whole process from purchasing to delivery and a culture centered on Customers, Coupang did not give up on anything among "speed," "selection," and "price." Coupang delivers millions of products, including fresh products, on the same day or early in the morning the next day, and provides various services including Coupang Eats, a food delivery service, Coupang Play, a video streaming service, etc.
